Policy Statement

Armultra Ltd designs, manufactures and installs pressure vessels, storage tanks, pipework, and structural steelwork for a wide variety of industries including those of the petrochemical, renewable, nuclear, refrigeration, industrial gas and thermal fluid sectors. Furthermore, Armultra Ltd also supply construction support services for worldwide on and offshore facilities.

In order to ensure that we achieve excellence and optimum efficiency in all our activities I am committed to maintaining the accreditation of our Management Systems to ISO 9001, ISO14001, OHSAS18001 and BS EN 3834.

Armultra Ltd is also aware of all their legal obligations including putting CE Marking on structural steel work and categorised pressure containing equipment on to the market and will ensure that it complies with the essential health and safety requirements of BS EN 1090-1 and the Pressure Equipment Regulations 2014/68/EU.

The management and all those who work at Armultra Limited are committed to:

- Providing the highest possible level of service in satisfying the requirements of our customers
- The care of the environment and the prevention of pollution
- Ensuring the health and safety of all its employees, its subcontractors, its customers and members of the public
- Continual improvement based on objectives and targets.

The objectives underpinning the management system are:

- Our customers' needs shall be fully understood.
- Adequate facilities and skills are provided to fulfil customers' needs, protect the environment and provide a safe workplace.
- We are committed to minimising waste, promote recycling, reducing energy consumption, reducing harmful emissions and, where possible, to encourage customers and suppliers to adopt sound environmental policies.
- All employees are required to work in a safe manner so that they do not endanger themselves or any other person, and do not damage equipment or take unnecessary risks.
- We provide appropriate training for our staff and others working on our behalf.
- Arrangements are also made for employees and management to consult on health and safety issues.
- The policy and management system are reviewed and updated annually to take account of changing circumstances, customer requirements and improvement opportunities.

This Policy and the requirements of the Management Systems have been communicated to all the employees and persons who work on behalf of the company.
